

## Hotel Vallecetta is Pet-Friendly.

We small pets are allowed to stay at the Hotel Vallecetta, but our owners have to respect certain rules so as not to disturb other guests who may be afraid or are allergic to us:

- ✓ Our owner's must inform the Hotel about us, and ask if rooms are available for our stay and what the supplement is before booking.;
- ✓ I will need to wear a lead in and around the Hotel grounds' (garden and parking);
- ✓ I will not be allowed in the breakfast room, restaurant or bar;
- ✓ If I am used to been left alone, my owners can leave me alone in their room for meal times, but not for the whole day. I will naturally have to be taken outside and will not want to bark if feeling lonely thereby upsetting other clients;
- ✓ My owners will inform the chamber maids when the room will be vacant for cleaning during the day;
- ✓ I am not allowed to sleep on the Hotel bed: my owners should bring my dog cushion so that I can sleep comfortably;
- ✓ I will not be allowed to use the Hotel's towels or bath;
- ✓ My owner's will be responsible for any damage I make or any injury I cause to other pets or humans;
